Let's study space (the distances or areas around, between, and within components of a piece of art) and 3D (3 dimensional or the illusion of 3 dimensions) art! If you are up for a challenge here is a link to an awesome drawing video from an amazing art teacher and idol of mine! It is a bit time consuming but worth it! You can type "typing" or "keyboarding" in the search bar at the top to search for other games. **2nd – 5th grade** should practice Dance Mat Typing at <https://www.bbc.co.uk/bitesize/topics/zf2f9j6/articles/z3c6tfr>. You do not have to log in to play. If you have already completed Dance Mat Typing, feel free to do another typing activity of your choice. Just let me know what you completed this week via email to Mrs. Woodard at Ashley.woodard@stjohns.k12.fl.us with subject: **week seven assignment**.

Media

This week I hope you'll take the time to watch the story, *Dear Dragon: A Pen Pal Tale* by Josh Funk at <https://www.youtube.com/watch?v=OCCDZjPN8wo>. (6:50) It is about two boys who become friends while writing letters back and forth. You'll notice their letters include the date, a greeting, and a close. Do you have someone you could write a letter to – a friend, a cousin, your grandparents? It doesn't have to be long – and it definitely doesn't have to rhyme. Actual letters are fun to receive, but you could certainly email your letter instead. When you finish your letter message me through Instagram, or email me (kathryn.hudson@stjohns.k12.fl.us), and tell me to whom you sent your letter. Maybe they'll even write back!
