THIRD GRADE

Our Third-Grade Team brings 118 years of combined educational experience and a shared commitment to helping every student learn, grow, and feel successful! We are organized, relationship-driven educators who believe that strong connections with students are the foundation for meaningful learning. We are passionate about advocating for students, building positive relationships, creating engaging learning experiences, and supporting the whole child. Together, our diverse educational backgrounds and experiences allow us to meet the unique needs of every learner.

OUR STRENGTHS

- We believe students learn best when they know they are valued, supported, and understood. Building meaningful relationships with students, families, and colleagues is at the heart of what we do.
- We are dedicated to being a voice for our students and making sure each child receives the support, encouragement, and opportunities they need to succeed.
- From lesson planning to classroom management, we value organization and preparation so that our students can focus on learning.
- We believe that great teams make great classrooms. We collaborate, share ideas, support one another, and celebrate each other's successes.
